Education

2017-2021
King Mongkut's Institute of Technology Ladkrabang
Bachelor's degree in
Telecommunications Engineering

2011-2016
Triamudomsuksanomklao School
Studied in Science-Math Program

Skills

Programing Langauages
- HTML5
- CSS3
- JavaScript (ES6)
- PHP
- SQL

Libraries & Frameworks
- BootStrap
- Tailwind CSS
- jQuery
- React

Tools & Utilities
- Git & Github
- VSCode
- Netlify

Soft Skills
- Willingness to Learn
- Interpersonal Skill
- Time Management
- Self Directed Learning
- Growth Mindset
- Adaptability
- Resilience
- Collaboration

Language

Thai (Native)

English (Intermediate)

Experience

Project

ADS-B data observation and processing in ASEAN
- quality assessment of ADS-B surveillance system on an airplane
- collected data and processing to make data more understandable
- built a website for representing, coding with HTML, CSS, PHP, SQL, Bootstrap 4, firebase, phpMyAdmin

Internship

at CAT Telecom Public Company Limited   1 June - 31 July 2020
- developed Software and Firmware on OTDR system
- Utilized STM32L476RG board on STMcubeMX to make DAC system and combined it with another system to make OTDR

Extracurricular activities & Achievement

Participated at 36th ITC-CSCC 2021 conference   25 April 2021
- for Communications: Radar / Remote Sensing presentation

Gold Medal awards at Thailand Research Expo 2020   2-6 August 2020
- topic of Technology development, Artificial intelligence, Intelligent equipment, and environment competition, 15th at Centara Grand Central World Hotel

Working staff for KMITL open house 2020   16-17 October 2020
- Be a Telecommunications Engineering representative and introduce for high school students

Working staff for Pre-telecom 4   July 2018
- Responsible for general tasks

Certifications

- TOEIC score 765
- Codecademy certificate: Learn HTML Course
- Codecademy certificate: Learn JavaScript Course

Interests

- Cryptocurrency
- Decentrailized Finance (DeFi)
- Blockchain
- Financial Investment
- Elliott wave principle
